Every minute Philip Morris brands are out of stock, you're losing sales.

Last year, more than two of every three additional cigarette sales made by Distributors were Philip Morris brands. Our total gain was more than twice that of the rest of the industry combined.

Growth like this affects your sales and profits. It tells you how important it is to keep Philip Morris brands fully in stock all the time.

The tobacco business is dynamic and changing, not static. Proper inventory control is vital. Check your Philip Morris order. Make sure it's up to date with our growth.

Here's the score* for '74:

Gains in Domestic Cigarette Consumption Over 1973

Total Industry	+ 14.91 billion
Philip Morris USA	+ 10.29 billion
Rest of Industry	+ 4.62 billion
